

TECHNICAL SPECIFICATIONS

Erase (Concentrate)

CARPET, UPHOLSTERY, SPOT & STAIN REMOVER

ERASE is a spot, stain remover that is different than products commonly found on the market today. It is free of chlorinated solvents. ERASE is specially designed to be effective against all types of stains including oils, ink, food stains and many other difficult spots on carpets, rugs and upholstery. Additionally, it's deodorizing properties destroy malodors at their source.

DIRECTIONS:

Test for color-fastness in an inconspicuous area before using. 1.) Remove loose dirt and blot wet soils with an absorbent cloth. 2.) Saturate the stained area. 3.) Agitate lightly. 4.) Blot up with a clean cloth. Heavily soiled areas may require a second application. Allow area to dry thoroughly after cleaning.
